ADMINISTRATIVE EXPERIENCE

Modern College for Business & Science Muscat, Oman

2022 - Present

Current Academic and Professional Responsibilities:

In my capacity as a professor at MCBS, I play a pivotal role in shaping and advancing our academic endeavors. My diverse array of responsibilities spans across various domains, each contributing to the holistic growth and quality improvement of our educational programs. Here is a consolidated overview of my key duties:

Curriculum Development:

- Develop and update the curriculum for Ph.D., and Business and Economics courses, ensuring alignment with industry trends and academic standards. This includes the creation of new courses and the revision of existing ones.

Quality Assurance and Accreditation:

- Serve as a reviewer and editor for MCBS Academics Policy under the Quality Assurance Department, actively contributing to the accreditation project for the institution. Participate in assessment and accreditation processes to uphold educational standards.

Assessment Systems and Learning Outcomes Alignment:

- Design and implement assessment measurement systems for the institution, aligning all program activities with the accreditation requirements of the Ministry of Higher Education in Oman and the Oman Qualifications Framework. Play a significant role in reviewing and editing learning outcomes for programs within the Business and Economics Department.

Doctoral Program Support:

- Develop Pre-Doctorate courses for Ph.D. students, participate in the preparation of Ph.D. program course syllabuses, and oversee graduate student supervision in their project programs.

Workshops, Training, and Teaching:

- Conduct workshops on Course Learning Outcomes and Program Learning Outcome assessment systems for the Business and Economics Department, fostering a culture of continuous improvement. Engage in teaching at various levels, including Ph.D., Masters, and Bachelors programs in both Arabic and English tracks.

Committee Engagement:

- Serve on various department and College committees, encompassing curriculum, research, assessment, accreditation, and faculty governance committees.

Research and Publication:

- Maintain a dynamic research agenda, conducting original research and contributing to academic journals. To date, I have successfully published four research papers under the banner of MCBS.

Student Advising and Mentorship:

- Advise and mentor students on course selection, career guidance, and academic support.

Professional Development:

- Prepare, contribute to, and attend conferences, workshops, and seminars to stay connected with peers and current industry trends.

Teaching Administration:

- Manage teaching administration tasks such as course scheduling, grading, syllabus preparation, and coordination with teaching assistants when necessary at both Ph.D. and Bachelor levels.

Interdisciplinary Collaboration:

- Collaborate with colleagues from other departments or schools on interdisciplinary research and initiatives.

Program Review and Alignment:

- Collaborate on ongoing program review processes, focusing on evidence-based assessment of program and institutional learning outcomes.

Community Engagement and Supervision:

- Oversee and provide guidance to graduate students in their project programs. Supervise community engagement initiatives.

I am dedicated to the continuous enhancement of academic excellence and eagerly anticipate further contributions to the growth and success of our academic community.

Associate President for Academic & International Affairs, Misr University for Science and Technology (January 2020 -2022)

- MUST consider the largest private university in Egypt, 14 Colleges, with just around 26,000 students from across Egypt, all Arabic countries, and some African Countries.

- Guide the establishment of overall directions for the university's academic programs. Anticipate future developments in higher education and their impact on the university, identify the threats and opportunities they pose, and evaluate the needs inherent in meeting those challenges creatively and effectively. Work to ensure the academic quality of all departments, programs, and services within the academic affairs unit through the appropriation and allocation of necessary resources, through the oversight of hiring and evaluation activities, and through the establishment and coordination of policies and priorities.
- Appropriation, allocation, and assessment of resources. authorize the creation and elimination of faculty and academic staff positions as appropriate to the plans and priorities of the academic affairs unit and oversee that the allocation of resources to the various programmes within the unit reflects established priorities. Evaluate personnel and assessment of programs to ensure appropriate levels of quality throughout the academic affairs unit of the university. Makes a recommendation for promotion and tenure decisions to the president.
- Establish and coordinate policies and priorities. I oversee the development of the strategic plan for academic affairs, assign responsibilities for its implementation, review and evaluate academic policies for their consistency with the strategic plan and university mission, and I am responsible for the overall evaluation of the plan's implementation and outcomes. coordinates initiatives and ongoing programmes across all areas of academic affairs and guides the establishment of annual and long-term priorities.
- The university's annual operating budget, including tuition, state support, research and development, capital. Works closely with the Vice President for Finance and Administration, and is ultimately responsible for budget planning, fiscal accountability, and general policy development.
- Support the faculties of the institution and enhance the academic excellence of the University
- Review academic policies and practices to enhance University identity and efficiency
- Support development of new academic programs including public health and data science
- Support affiliation and merger processes of the University
- Oversee and coordinate the processes through which MUST follows the International Collaborations Policy and applicable governmental regulations, including the review of proposed new or renewing collaborations.
- Facilitate and manage campus international collaborations, including all memoranda of understanding, agreements, and contracts establishing formal collaborative relationships between the MUST campus and all foreign partner institutions.
- Provide strategic support, establish best practices and monitor protocols related to international collaborations.
- Support campus-wide global engagement activities and regulatory compliance through informational updates and training sessions.
- Support GE' compliance role by coordinating with representatives of the University Ethics Office, the Office of University Audits, the Office of Business and Financial Services, and the Office of the Vice Chancellor for Research.
- Support academic and administrative units working on international initiatives and programs with international partners.
- Coordinate with MUST units and, as appropriate, oversee international delegations and visits, including the creation of meeting agendas, campus tours and events.

Major Accomplishments I & GE (MUST)

- During my tenure as Associate President, MUST has made significant and transformational progress and is well positioned for sustained future growth.
- **(ACCA) – UK**, and College of Business, Economics, and Information System. **(MUST)**
Obtained **(ACCA)** Accreditation for Accounting And Finance Program -**CBEIS**
- Sunderland University - **UK**, and **MUST - Egypt** Partnership & Joint Program
Obtained an international partnership agreement of joint degree and dual degree for Three colleges
- The City University of New York **(CUNY)-USA**, and **MUST – Egypt**
Signed MOU for four Colleges leads to Joint Degree in 2022

University of Modern Sciences, Dubai-UAE

- Prepare all documentation for renewing the colleges license and program accreditation
- Built trust, academic integrity, and ethics; led change, communicated effectively, built high performance teams, and achieved student-focused results
- Provided leadership and management for all of the College's departments through collegial governance
- Established and communicated the vision and direction of the College within the University's strategic plan
- Promoted and supported a multicultural and diverse faculty, staff, and student body
- Managed curriculum development, academic program review, and academic program assessment
- Fostered an intellectual environment characterized by excellence in teaching, learning, discipline-based scholarly and creative activity, professional service, and faculty development
- Led the resource development effort and effectively managed University resources
- Evaluated faculty performance and recruited best-qualified faculty members and program coordinators
- Established committees and defined duties and responsibilities for faculty course file reviews and audits, and curriculum development for BBA and MBA programs
- Furnished valuable input for editing, review, and modification of key institutional documents that included the University Strategic Plan, Policies and Procedures Manual, Catalog, Institutional Effectiveness Manual,
- Faculty Handbook, Staff Handbook, Student Handbook, and the University Research plan
- Prepared documentation for the full accreditation of the Business College that included writing the self-study reports for the BBA and MBA programs, designing, revising, and editing proposed program learning outcomes, course syllabi, and assessment tools for program learning outcomes that included integration of the Qualifications Framework-Emirates into all programs and courses
- Developed proposals for four new specializations in the BBA and MBA programs that add value through relevance and practical application of knowledge to be gained by students who complete the programs

Professor. of Economics & Finance (PT)

Hamdan Bin Mohammed Smart University

Dubai 2015-Remotly

- Adjunct faculty for undergraduate and graduate courses using the blended learning approach
- Develops course, curriculum, and program content for on-line teaching
- AACSB accreditation committee member
-

Professor, MBA Program

City University College of Ajman

Ajman 2015–2017

- Managed the accreditation activities for the MBA program
- Designed, implemented, and managed Executive Training Programs for the community
- Planned activities that led to the start of new graduate programs
- Recruited and selected best-qualified faculty members
- Scheduled and taught MBA classes for all semesters and served as a student advisor
- Formulated and implemented strategies to enhance the value and reputation of College programs
- Supervised community engagement activities including industry advisory committees
- Reviewed and evaluated faculty member academic performance and research within the program
- Member of the Academic Council and recruiting committees

Professor, Economics & Finance

Prince Sultan College, Al-Faisal University

Abha, Saudi Arabia 2012-2015

- Managed an on-going process of program review, including evidence-based program and institutional learning outcomes assessment
- Oriented all activities within the program to fully meet the requirements of the Ministry of Higher Education accreditation requirements within the Kingdom of Saudi Arabia
- Supervised and advised graduate student thesis programs
- Planned and implemented program class schedules for all semesters
- Provided guidance and student advising
- College Council Member

- Recruited and selected the best-qualified faculty members for the MBA program
- Supervised community engagement activities
- Conducted reviews and evaluations of faculty member academic performance and research within the MBA program

Vice Dean for Academic Affairs	College of Business	University of Texas-Arlington	2010–2012
<ul style="list-style-type: none"> • Directed academic program planning and evaluation, curriculum development, student learning outcomes assessment, implementation of general education requirements, and efficient academic scheduling • Created a culture of engagement both on- and off-campus by including faculty, staff, and students in discussions on important collegiate issues and ensured a positive, high-quality work environment • Moderated strategies for future academic directions of departments, programs, and the College • Participated in University-wide processes for strategic planning, budgeting, facility planning, and legislative action to position the College favorably in the University's broader plans • Focused on enrollment management initiatives and program growth • Raised private funds for scholarships, professorships, programs, facilities, and other College needs • Established a strategic direction for the College that resulted in initiatives that enhanced student academic success, teaching excellence, and scholarship • Promoted the College nationally and internationally as a leader in education, research, and service • Served in key oversight roles for accreditation, program review, and other processes that are important for continued improvement of College activities • Engaged in key discussions with the Deans' Council for institutional planning and policy • Recruited and hired effective department chairs, faculty, program directors, and staff to assure accountability for high-level performance within the College • Coordinated all components of the College: departments, academic programs (undergraduate, graduate, professional), economic development activities, public service, and other professional activities • Provided efficient fiscal and budget management for the College • Developed and implemented innovative methods and processes for resource allocation to advance academic programs, including scholarly research • Built partnerships with area schools, colleges, universities, and businesses 			

Research Associate	U.S. Chamber of Commerce	Dallas, Texas	2009-2013
<ul style="list-style-type: none"> • Part-time position at the National Bureau for Economic Research • Collected and analyzed data for economics-related decisions made at regional and national levels 			

Associate Professor of Economics	College of Business	University of Texas-Arlington	2008-2012
<ul style="list-style-type: none"> • Provided strong and committed instruction, including curriculum development, course coordination, educational innovation, and continuous improvement efforts • Prepared and delivered lectures, seminars, and tutorials, consulted with students, and accurately marked all assessments of student work • Supervised major honors and postgraduate research projects including supervision of Economics research • Supervised the honors student program of study and postgraduate student advanced coursework • Contributed to academic research and administrative leadership within the department and College • Attended College, departmental, and faculty meetings; played a major role in planning committee work • Supported the College's commitment to national and international accreditation (i.e., TEQSA, AACSB, and AMBA) • Taught Economics courses that included a commitment to delivering quality services for student success • Coordinated new course development and modified existing courses for curricular improvements • Managed continued improvements in the student feedback process • Monitored and supported student progress to increase retention and persistence rates at the College • Represented the University at on- and off-campus events 			

Chair, Department of Economics**College of Business****University of Texas-Arlington****2006-2009**

- Taught and contributed to the preparation and development of courses
- Coordinated the development of new courses with faculty and program managers
