ADMISSION CRITERIA

- Recognized general education diploma or its equivalent
- Students joining MCBS must go through an English placement test to determine the appropriate English level
- Students presenting a valid score of 5-5.5 in IELTS or 65-79 in internet based TOEFL (iBT) are exempted from the English program
- Students will need to go through Mathematics and IT placements tests to determine their levels of proficiency in these subjects as they are part of the GFP or possible exemption

PROGRAM OVERVIEW

Bachelor in Airport Management is offered for students who wish to seek employment in this fast developing logistics sector. Curriculum covers the latest business practices and management techniques that will help graduates manage modern airports locally and internationally. The courses are especially designed to enhance their skills in handling the challenges of a growing air transportation sector and its rising demands.

- The only program of this kind in Oman.
- Theory-to-practice learning: regular site field visits in the first two years.
- Classes with practitioners.
- Internship at the airport.
- Additionally, MCBS offers IATA courses – internationally recognized certification.

EXCELLENCE IN HIGHER EDUCATION
