

SEMINAR ON MUSICAL CLEAN UPS

BY

MCBS ENVIRONMENT CLUB

Date of Event: October 16th, 2023

Type of Event: Distribution of plants

Start Time: 1.00 p.m

End Time: 2.00 p.m.

Number of Participants: 50 students

Brief Report

MCBS Environment Club organized a Seminar on Musical Clean ups which was presented by a very popular Omani Environmentalist- Mr. Fahad Al Abri on October 16th, 2023. He insisted on the importance of keeping our beaches and parks clean and green and the significance of getting rid of plastics. Mr. Fahad made the seminar even more interesting by involving the students in singing along with him in his ukelele! Attached are a few pics from the event.
